At our store, the professional side of pharmacy is always emphasized. We recognize our duty to the public and fulfill it best we can. Back of the service rendered are years of experience. This experience added to the technical knowledge of drugs is applied for the benefit of our customers.

We provide just the quality of goods and just the service you should have. Our interests are mutual. We never believed that immediate profit should be the thing to strive for in a family drug store.

If the service is right, the profit will in the long run take care of itself.

Filling prescriptions, however, is only a part of our business. We have everything a modern, first-class drug store should carry. Come in, for when you deal with us YOU CAN "RELY" ON WHAT YOU BUY.

## NEW YEAR--1917

To the people of Forest City, Oregon and Holt County:  
Friends and Neighbors All—

The Home Bank of Forest City cannot witness the closing of 1916—a year rich in blessings to all of us—to pass by without extending to its patrons and friends sincere thanks for the loyalty and for the friendship which has been accorded it.

And the opportunity is a splendid one for us to express, not merely appreciation of services and of support given, but also to record our desire to be of service to this territory and to all of the people living in it.

The success of all communities is based on two things—service and co-operation. The service which aims at the general good and out of which comes the only permanent prosperity and benefit to self; the co-operation without which society is built upon an unstable foundation and the today cannot be an index to tomorrow.

Co-operation and service are what the Home Bank of Forest City tenders to you and in the fullest measure. We are heart and soul with you in everything aimed to build up Forest City, Oregon and Holt County.

In that spirit we trust that the new year just opened will be filled with blessings for you and yours, that health and prosperity may be constant visitors in every home, and that the territory of which Forest City and Oregon is the hub may enjoy throughout the year the prosperity which it so richly merits.

### Evangelical Church Notes.

The last quarterly conference for this year was held on last Saturday and Sunday. The Rally Day program was carried out in a very helpful and interesting manner. Not one failed to respond and all did exceptionally well. The Sunday schools show a marked growth along all lines, excepting that of conversions. The Alliances have each shown life and are coming to the front, with the same exception as with the Sunday schools—no conversions. Leaders and teachers should put forth more prayerful effort along this line next year. The movement among Young People's Alliances is "Every One Win One," and let us go to the front with this. The Woman's Missionary society has been doing nicely. Missionary information is dispelling the feeling of apathy and disinterestedness towards missionary activities.

There will be preaching services next Sunday morning in the Oregon church and in the evening at Nickell's Grove.

W. C. J.

### Y. P. A. Notes.

The monthly business meeting of the Alliance was held at the parsonage, Monday evening, January 8th. The attendance was real good, and the reports of the different committees had every indication that they were very busy the past month. Another member was received into our society, making a total of thirty-two Alliances.

The topics and leaders appointed for this month are as follows: "Ought," Ruby and James Hanna; "Seeing the Good in Others," Lola Nichols; "Fruits of the Y. P. A.," Ralph Fry.

After the transaction of business a musical program was rendered. Refreshments were also served.

The evening was enjoyed immensely by all who attended.
